Agenda No. 4: Revision of Amount of Compensation to Directors

The amount of compensation to Directors of the Company was approved and continues to be not more than 600 million yen a year (including compensation to Outside Directors of not more than 50 million yen and excluding the salary of employees) at the 5th Annual Meeting of Shareholders held on June 25, 2014, however we would like to revise the amount of compensation to Directors to be not more than 800 million yen a year (including compensation to Outside Directors of not more than 50 million yen) after considering various factors including the increase in the number of Directors and change in economic situation. Further, the Company would like to ensure that the amount of compensation to Directors does not include the amount of employee salary received by officers who concurrently serve as employees as before.

In addition, the current number of Directors is 8 (2 out of 8 Directors are Outside Directors), but if Agenda No.2 "Election of Eleven (11) Directors" is approved without any changes, the number will be 11 (3 out of 11 Directors are Outside Directors).

Agenda No. 5: Issuance of Subscription Rights to Shares as a Stock Option

The Company would like to seek approval for the delegation to the Board of Directors of subscription requirement determination for the subscription rights to shares issued as stock options to Directors and employees, and Directors and employees of subsidiaries, to increase the willingness and morale toward the improvement of business performance of the Company group in the following manner pursuant to the provisions of Articles 236, 238 and 239 of the Companies Act.

In addition, the grant of subscription rights to shares to Directors of the Company shall fall under the category of the remunerations set forth in Article 361, Paragraph (1), Item 3 of the Companies Act. The amount of compensation to Directors of the Company was approved to be not more than 600 million yen a year (including compensation to Outside Directors of not more than 50 million yen and excluding the salary of employees) at the 5th Annual Meeting of Shareholders held on June 25, 2014, however if Agenda No.4 "Revision of Amount of Compensation to Directors" is approved without any changes, the amount of compensation to Directors of the Company will be not more than 800 million yen a year (including compensation to Outside Directors of not more than 50 million yen and excluding the salary of employees). The agenda is proposed because the Company would like to seek approval also for the grant of subscription rights to shares as compensation to Directors of the Company in addition to such amount of compensation for Directors of the Company.

Further, the current number of Directors of the Company is 8 (2 out of 8 Directors are Outside Directors), but if Agenda No.2 "Election of Eleven (11) Directors" is approved without any changes, the number will be 11 (3 out of 11 Directors are Outside Directors).

1. Reasons for issuing subscription rights to shares as stock options under especially advantageous conditions

The Company shall issue subscription rights to shares to Directors and employees of the Company, and Directors and employees of subsidiaries of the Company, for the purpose of increasing the willingness and morale toward the improvement of business performance of the Company group.

Further, the Company considers that the grant of subscription rights to shares to Directors of the Company is for the purpose of stock options and reasonable as compensation of Directors.

2. Paid-in amount for subscription rights to shares

It is not necessary to pay money.

3. Date of allotment of subscription rights to shares

The Company shall delegate the determination to the Board of Directors of the Company.

- 4. Details of subscription rights to shares
 - (1) Classes and number of shares underlying subscription rights to shares

The upper limit shall be 1,000,000 shares of common stock of the Company and the number of subscription rights to shares granted to Directors of the Company shall be up to 120,000 shares (including 21,000 shares to Outside Directors) out of such shares.

In the event of a share split or share reverse-split by the Company, the Company shall adjust the number of underlying shares in accordance with the following formula. Provided, however, that such adjustment shall be made with respect to the number of shares underlying the subscription rights to shares which are not exercised at the relevant time, and if there is a fraction less than one (1) share as a result of such adjustment, such fraction shall be discarded.

Number of shares after adjustment = Number of shares before adjustment x Ratio of split or reverse-split

Further, in the event of a merger, company split, share exchange or share transfer (collectively, the "Merger") or gratis allotment of shares by the Company, or if an

adjustment in the number of shares is otherwise necessary, the Company may adjust the number of shares to a reasonable extent in light of the conditions of the Merger or gratis allotment of shares.

(2) Total number of subscription rights to shares

The upper limit shall be 10,000 shares and the number of subscription rights to shares granted to Directors of the Company shall be up to 1,200 shares (including 210 shares to Outside Directors) out of such shares. The number of shares underlying one (1) subscription right to shares (the "Number of Granted Shares") shall be 100 shares. Provided, however, that if the Company adjusts the number of shares as provided for in (1) above, the Company shall make adjustment in the same manner.

(3) Value of property contributed upon exercise of subscription rights to shares

The value of property contributed upon exercise of subscription rights to shares shall be calculated by multiplying the paid-in amount per share to be issued upon exercise of subscription rights to shares (the "Exercise Price") by the Number of Granted Shares, and the Exercise Price shall be calculated by multiplying the average value of the closing price for the regular trading of common stock of the Company at the Tokyo Stock Exchange on each day (other than a day on which the trading was not effective) of the month immediately prior to the month containing the day on which subscription rights to shares are allotted (the "Date of Allotment") by 1.05 and any fraction less than one (1) yen shall be rounded up. Provided, however, that if such amount is less than the closing price on the Date of Allotment (if the trading is not effective, the closing price on the previous day), it shall be the closing price on the Date of Allotment.

In the event of a share split or share reverse-split by the Company after the Date of Allotment, the Company shall adjust the Exercise Price in accordance with the following formula and any fraction less than one (1) yen as a result of adjustment shall be rounded up.

Exercise Price after
adjustment =
$$\begin{array}{c} Exercise Price before \\ adjustment \end{array}$$
 x $\begin{array}{c} 1 \\ \hline Ratio of split or \\ reverse-split \end{array}$

Further, if the Company issues new shares or disposes of its treasury shares of common stock of the Company for a price less than market value (other than cases of the sale of treasury shares pursuant to the provisions of Article 194 of the Companies Act (Demand for Sale of Shares Less than One Unit to Holder of Shares Less than One Unit), and conversion or exercise of subscription rights to shares (including those attached to bonds with subscription rights to shares) upon which the issue of securities converted or is convertible into common shares of the Company or issue of common shares of the Company), the Company shall adjust the Exercise Price in accordance with the following formula and any fraction less than one (1) yen as a result of adjustment shall be rounded up.

Exercise Price after adjustment	=	Exercise Price before adjustment	X _	Number of issued +	Number of newly issued shares	of x	Paid-in amount per share
				shares	Market value before issuance of new shares		
				Number of issu shares	red +		er of newly ed shares

"Number of issued shares" in the abovementioned formula shall be the number calculated by deducting the number of treasury shares of common stock held by the Company from the total number of outstanding common shares of the Company and if the Company disposes of treasury shares, the "number of newly issued shares" shall be replaced with "number of shares to be disposed of."

Further, in the event of a Merger or gratis allotment of shares by the Company, or if an adjustment to the Exercise Price is otherwise necessary, the Company may adjust the number of shares to a reasonable extent in light of the conditions of the Merger or gratis allotment of shares.

(4) Period during which subscription rights to shares may be exercised

It shall be three (3) years from the day on which two (2) years have elapsed since the day immediately following the day on which a resolution for allotment of subscription rights to shares was passed. Provided, however, that if the last day of the exercise period falls on a Company holiday, the previous business day shall be the last day.

- (5) Capital and capital reserves to be increased if shares are issued upon exercise of subscription rights to shares
 - (i) The amount of capital to be increased if shares are issued upon exercise of subscription rights to shares shall be 50% of the maximum amount of increase in capital, etc., calculated pursuant to Article 17, Paragraph (1) of the Rules of Corporate Accounting, and if there is a fraction less than one (1) yen as a result of calculation, such fraction shall be rounded up.
 - (ii) The amount of capital reserves to be increased if shares are issued upon exercise of subscription rights to shares shall be the amount calculated by deducting the amount of capital to be increased set forth in (i) above from the maximum amount of increase in capital, etc. described in (i) above.
- (6) Conditions for exercise of subscription rights to shares
 - (i) The holder of subscription rights to shares shall be required to hold a position of Director, Audit & Supervisory Board Member or employee of the Company or an affiliate of the Company at the time of exercise.  - (ii) If the holder of subscription rights to shares dies, his/her heir may exercise such rights. The conditions for exercise of subscription rights to shares by the heir shall be subject to the provisions of the agreement described in (iii) below.
 - (iii) Other conditions for exercise of rights shall be subject to the "Subscription Rights to Shares Allotment Agreement" entered into between the Company and the holder of subscription rights to shares based on a resolution of the Board of Directors.
- (7) Conditions for purchase of subscription rights to shares
 - (i) If the holder of subscription rights to shares no longer satisfies the conditions for exercise of subscription rights to shares pursuant to (6) above, the Company may purchase such subscription rights to shares without any consideration.
 - (ii) If a bill to approve a merger agreement under which the Company will cease to exist, a bill to approve a share exchange agreement under which the Company will be a wholly-owned subsidiary or a bill for share transfer plan is approved at the general meeting of shareholders of the Company, the Company may purchase subscription rights to shares without any consideration.

(10) Discard of fractions resulting from exercise of subscription rights to shares

If there is a fraction less than one (1) share in the number of shares issued to the holder of subscription rights to shares, such fraction shall be discarded.

(11) Other details of subscription rights to shares

Other details of subscription rights to shares and other subscription requirements shall be determined by a resolution of a meeting of the Board of Directors to be separately held.

5. Concrete method of calculation of compensation of Directors

The amount of subscription rights to shares issued as compensation to Directors of the Company shall be calculated by multiplying the fair value per subscription right to shares on the Date of Allotment by the total number of subscription rights to shares allotted to Directors in office on the Date of Allotment (up to 1,200). The fair value of subscription rights to shares shall be calculated using the Black-Scholes model based on the conditions applicable to the Date of Allotment.
