Vs Prev. Year:

- · Whilst Online/Mobile sales had increased, sales for Console had decreased.
- Fixed costs had increased due to the expansion of our development capability, causing operating profit to decrease.
- · Gain on securities sold ended up less than previous year. Extraordinary gain had been posted from the sale of a portion of our real estate for rent.

Vs Plan:

- · Sales of some titles did not reach the plan.
- Non-operating income had surpassed the plan, causing ordinary profit and current net earnings to surpass the plan as well.
- No change is made to the full-year plan.

- No change is made to the full-year plan.
- · As the second year in the current mid-term plan, this year (FY2019) takes its position as the preparation year for FY2020.
- Aiming to achieve the same level of operating profit as the previous year by making up for the increased fixed costs due to upfront investments and the expansion of our development structure through sales increase.
- · Keeping conservative plan for non-operating incomes due to the uncertainty in the market.
- · Aiming for 17 billion operation profit in the year 2020, the final year of our current mid-term plan.
